SEVENTH YEAR.

MAYSVILLE, KY., TUESDAY, AUGUST 23, 1898.

ONE CENT.

Purely Business!

The columns of a newspaper represent a club value. No publisher can afford to give advertising "notices" free any more than a merchant can give his customer free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Greatest Cut Of All.

Beginning today and until the 1st of September every Man's, Boy's and Child's Suit in our house will be sold

33% Less!

Than regular price. Not a Suit reserved. Goods purchased at the reduction must be paid for when taken out of the store. Money returned if goods not satisfactory upon home examination.

SHOES.

The results in our Shoe Department, though not a year old, are gratifying to us and fully as much to our shoe patrons. "The most comfortable pair of shoes I've worn for years" is the universal expression of those that wear them. Our \$2, \$2.50 and \$3.50 Stoughton French Calf Common Sense Shoes are the best in the market. Every pair we sell is made for us and warranted to give satisfaction. Money refunded if they don't. Our high-class shoes, such as Vici Kid, Russian Calf, Patent Leather, Cordovan, etc., all of which are specially made for us by the Burt-Packard people, Brooklyn, Mass., all the long felt wants in Mayville's shoe trade. We are daily receiving our fall stock of these lines. If your summer shoes are about worn out and you think it late to buy lightweight footwear we can fit you in the coming style of Fall Shoes. Respectfully,

Venation time is nearly gone, and still she is at home.

She hasn't seen the pyramids.

She hasn't been to Rome.

She hasn't spent, like Mrs. Jones, six weeks in gay Paris.

She hasn't been, like Mrs. Smith, through grand Yosemite.

She's stayed all summer right at home, amid familiar scenes.

Dishwashing, cooking, making beds, and baking weekly loaves.

And now she's listening while her friends are telling where they went.

But she has ninety dollars cash; They haven't got a cent.

There has been considerable controversy in School District No. 36 in regard to collecting polltax for school purposes.

Electric Park.

A critical review of the program as rendered at Electric Park last night by Mr. Phillips reveals the fact that we have in our midst a musician of extraordinary talent. His technique is superb, his sense of harmony acute, his phrasing very fine and his interpretation of the masters versatile and correct. Novelty, too, gives variety, while new methods add spice, forming a whole, a completeness, which makes an evening with Mr. Phillips one of genuine pleasure. If our citizens are hunting a refined entertainment, if harmony and sweet sound are the rounded periods which make charming life and certainly drives away dull, corroding care that will then go out to Electric Park tonight and hear Mr. Phillips give his imitations, superb selections and amusing mimicry on mandolin, violin and pump whistling.

If every man and—woman, too, who smoked a cigarette last year would swear off this year and give the money for the improvement of the Navy, ten of the finest battleships, the Oregon having cost but \$3,180,000, could be constructed.

If the cigar smokers were to join with the cigarette smokers the greatest Navy that the world has ever known could be built from the proceeds of one year's swear-off.

The Springs are under the sandboard, right at the axle, and positively move all the load, and just for the least weight of driver. We guarantee the springs will hold to 80 per cent. to the life of a wagon. We guarantee these Springs to add 1,500 pounds to the carrying capacity of a 3 1/2 inch Wagon. Same kind of spring that you can get for \$25 to a wagon. Better try them and see. The Florence Farm Wagon has in six months earned itself to the people of Mason county to an extent that is very gratifying. It has sold for \$1,000.00. It was made in the fall of 1898. It is now on our third load of these wagons since January last, 1898. We intend to add to our stock of these wagons as fast as we can. We have a large stock of them now. We have Pennsylvania Black Birch Hubs, every spoke in every wheel is made of a butt cut of Second Growth Hickory, every oxing is put in every hub by hand. We use the best of the Pennsylvania Black Birch for the spokes. The heavyest workwood is dipped in hot linseed oil before being painted, the heaviest ironed factory wagon on the market, guaranteed the lightest running factory wagon on wheels to sell. We have a large stock of these wagons on hand.
